

# Compuload 10000

## Weighing Systems for Forklifts, Skid Steers & Small Agricultural Loaders

- Specifically designed for forklifts, skid steers and small agricultural loader use
- Economic replacement for analogue weighing systems
- Super compact design
- Simple operation
- Low cost digital weighing system
- Australian made
- Avoid overloading
- Check weighing of goods
- Back lit high visibility 12.5mm display units
- Zero tare facility
- -10 to 60° operating temperature range
- 12 – 24 VDC compatible
- Input 20 –100 mV
- Weight less than 250gms
- Provision for optional overload alarm
- Provision for optional overload shut down

### Proven Rugged & Reliable

Compuload weighing systems have proven themselves in all types of applications and environments since 1989. Compuload has 1000's of satisfied users.

The rugged design ensures continuous operation even when the going gets tough.

After continuous development we now introduce Compuload 1000. It is simple to operate and provides reliable and accurate readings.
